(b) if so, the details thereof; and

(c) the funds released under the programme during the last three years and the current years, State-wise /Institute-wise?

Answer

MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRI ANNASAHEB M.K. PATIL)

(a) & (b): Yes, Sir. Government of India has launched a National Human Resource Development Programme (NHRDP) in 1994 under the Rajiv Gandhi National Drinking Water Mission all over the Country. The NHRDP, inter-alia, aims at training at least one grass root level worker in a village through district level trainers who in turn get trained at selected Institutions forming the Indian Training Network (ITN). There are two types of training courses-one for Grass Root Level (GRLT) Workers at village level and other for sector professionals of the Department. The workshops for stakeholder Department, NGO etc at state and district level are also being organized to improve the coordination among the various departments and other stakeholders in the RWS Program.

The HRD program aims at empowerment of Panchayati Raj Institutions/ Local Bodies with the objective of enabling them to take up operation and maintenance activities related to rural water supply systems. It also aims at capacity building of local communities by giving requisite training to mechanics/ health motivators/ masons etc. especially women to operate and maintain hand-pumps and the components of other water supply systems as well as to generate demand for adequate sanitation facilities.

Under the NHRDP, the States setup State level HRD cells for planning, designing, implementing, monitoring and evaluating an appropriate and need based HRD programme. The Central Government provides 100% assistance during the 9th plan period for the above activities as per the approved norms.

(c) The details about funds released under the NHRD Programme during the last three years and the current years, State-wise/Institute-wise are enclosed at Annexure- I&II.
